Report on Industrial visit

Date: 07th June, 2022
Target Audience: II EEE Students
Place of visit: Somasila hydro electric Project, Nellore.

Industrial visit to Somasila Dam,SPSR Nellore (DT), A. 10 MW Somasila hydro electric Project in somasila in Atmakur Talluk In nellore District of Andhra pradesh.The project involves setting up of two units of vertical Kaplan adjustable blade type turbines of capacity 5MW each to harness the hydro potential available at somasila reservoir.The project had been commissioned in 2007

Parts of a Hydroelectric Plant Most conventional hydroelectric plants include four major components (see graphic below):

1. **Dam.** Raises the water level of the river to create falling water. Also controls the flow of water. The reservoir that is formed is, in effect, stored energy.
2. **Turbine.** The force of falling water pushing against the turbine's blades causes the turbine to spin. A water turbine is much like a windmill, except the energy is provided by falling water instead of wind. The turbine converts the kinetic energy of falling water into mechanical energy.
3. **Generator.** Connected to the turbine by shafts and possibly gears so when the turbine spins it causes the generator to spin also. Converts the mechanical energy from the turbine into electric energy. Generators in hydropower plants work just like the generators in other types of power plants.
4. **Transmission lines.** Conduct electricity from the hydropower plant to homes and business

OUTCOME:

The Industrial Visit to Somasila Dam was highly successful. We received insight of the whole plant right from the raw material (water) procurement, processing, generation & transmission of electricity. The whole process was explained in-detail by their representative with detailed description about each equipment with their specifications. A doubt solving session with the Control Room Incharge cleared all our queries. This kind of industrial exposure helped us to absorb the theoretical aspects of Power Plant and Power Electronics Engineering more efficiently

Letter of under taking for industrial tour given by Parents/Guardian

Date: 4/12

To,

The Principal
S.V. College of Engineering,
Tirupati.

Dear Sir,

SUB: Submission of "Industrial Tour Undertaking" - Reg.

I, Mr / Mrs K. Muniswami Reddy parents/guardian
of K. Meghana bearing Register number 20BFIA0232
studying in II / III / IV - Semester, Department of EEE in SVCE, Tirupati. Here with
voluntarily submitting the under taking.

I, the undersigned parents/guardian are aware that, our son/daughter is participating in the industrial tour organized by the institute scheduled during 2021-2022 with our full acceptance and will be bearing all the expenditure incurred for the industrial tour towards travel and other expenses from our end.

I shall ensure that our son/daughter shall abide by the college terms and conditions for industrial tour. We, hereby declare and confirm that the college shall not be held responsible in the event of any misfortune or accidents and/or personal injuries whether fatal or otherwise involving our son/daughter.

I shall undertake full responsibility of all the consequences should any other person or body suffer such accidents and/or personal injuries and/or damage to property as a result of our son/daughter negligent act during the period of industrial tour.

Department of EEE

Dt: 27-05-2022,

To
Chief Engineer,
Penchalaiah,
Somasila,

Sub: SVCE-Tirupati-EEE Dept., -Permission to visit Somasila power plant -Reg

Greetings from SV College of engineering.

It is brought to the kind notice of you that Sri Venkateswara College of Engineering (SVCE) was started in 2007 based on the firm belief that higher education provides a critical pathway to leadership development, economic progress and social and political equality.

In the present semester, our II-Year B.Tech in Electrical and Electronics Engineering students studying various electrical power generation systems. Apart from the class-room learning process, most of our students are showing interest to visit Somasila Power Plant at Somasila. This plan visit will enlarge the student's knowledge about the technology involved in hydel power plant operation and control.

In this regard, on behalf of SVCE administration and EEE department in specific, we request you to grant permission for our students (70 No.s) to visit the plant.

We will assure you that we will take entire responsibility if any unwanted situation happens during the visit.

Tirupati.

Respected Sir,

**Sub: Approval request for Industrial visit (Somasila Hydro Power Plant) for IVEEE
Students-reg.**

I hereby respectfully sending you this requisition letter as notification that we are planning to take our II EEE students (Total Strength: 70) for an Industrial visit to Somasila Hydro Power Plant, Nellore. This visit will be helping the students to have real time exposure about the Power Generation. We hope to hear response from you sir! For further proceedings.

The following faculty members are proposed to monitor students during plant visit.

1. Mr. A.Sudhakar, Asst.Professor
2. Mr. P.Vinod Kumar , Asst.Professor
3. Miss.K. Yamuna,Asst.Professor
4. Mrs. R.Sireesha, Asst.Professor

Thanking you sir,
