Software Terms & Conditions

Technical Terms :

- ❖ The support services shall be given in person initially for data collection, and importing later services shall be through online through team viewer.
- ❖ The software will be provided in executable format to the college. The package setup rights and master setup rights will be given to the college. Regular data backup should be maintained by the college.
- ❖ Once the software purchase order is issued to the company and the requirement analysis reports are submitted, the company will do the customizations accordingly and will deliver the product within 30 days of time duration
- ❖ Project completion, testing & implementation period: 60 days.
- ❖ Delivery of working model to the college: 15-20 days from the confirmed purchase order.
- ❖ Safety & Security of SV Colleges data, BeeS or any third party should not have access to our data and can access only with prior writer/email approval. Access control to be set up with a timestamp of each login to be available to us.

Payment Terms :

- ❖ Purchase order should be placed on BeeS Software Solutions Private Limited.
- ❖ For BeeS Examination Tool for SVCE: 50% advance along with Purchase Order shall be paid to BeeS Software Solutions and remain 50% after successful conduction of one semester exams, result processing and certificates printing.
- ❖ The same payment conditions shall be applicable for SVEC after receiving Autonomous status.
- ❖ AMC@15% will be applicable after one year from the date of successful implementation & training to the examination branch staff.
- ❖ For BeeS ERP – Campus Automation Software : Payment terms Phase wise for SVCE & SVEC immediately as mentioned below:
 - ↓ The implementation of BeeS ERP in SVCE and SVEC will be done immediately in different phases.
 - ↓ Phase 1: First Installment 25% advance shall be made to BeeS Software Solutions for the implementation of Administration, Fee Module & Payroll: BeeS Software Company shall start immediately after placing the order with existing software. The initial data collection shall be done, payment gateways shall be integrated and fee collection will be streamlined with the support of college staff as soon as possible, as the availability of data is very crucial in the initial stage in the required formats. Payroll can be implemented with bio-metric or manual attendance based on availability. If all the data is available in required formats, the 2 modules

- ✚ can be implemented full-fledged within 2 months of time. SMS & ID card can be implemented with this module itself by procuring the supporting hardware and SMS.
- ✚ **Phase 2: Second installment 25% of payment shall be made in phase 2 for the implementation of Academics, Hostel & Transport for SVCE & SVEC :** Once the student data is ready, and the initial modules are implemented successfully the second phase of implementation, i.e. Attendance, Hostel, and Transport modules can be started and completed in 1 month of time. Feedback also can be executed with this process.
- ✚ **Phase 3: Third installment 25% of payment shall be made in phase 3 for the implementation Examination branch (For Non-Autonomous examination branch):** This is the 3rd phase, which can be readily implemented if the student data and subject data are ready. If any old data of marks is to be imported, it will take time-based on the volume and availability of data. If not existing system can be streamlined and used for the current process immediately after the second phase. The proposed time period is 1 month.
- ✚ **Phase 4: Final 25% of payment shall be made in phase 4 for the implementation of Library & Placement Cell in SVCE & SVEC and also complete implementation of BeeS ERP modules in SVCK and SVDK.** Here the existing books data is to be imported and configured to the required format of the software and is to be made ready for circulation. Reports can be generated immediately. Placement Module can be used for current processes by giving required inputs like company details, placement criteria, etc. Here the implementation period is completely depending on the volume and availability of data. The proposed time period is 2 months.
- ❖ BeeS Software Company has to deliver the all the modules in the latest technology versions as promised within 10 months of time along with Mobile App.
- ❖ BeeS Software Company shall take complete responsibility for the data migration and data security while migration from In-house server to Cloud server.
- ❖ BeeS Software Company shall let us know in advance the charges applicable for data storage in cloud and hidden charges if any and seek prior approval from College Management.
